

Key features
* RF2.4GHz, safe and secure, wireless audio and video transmission, no need for WiFi or APP, plug and play, easy to use. * 5 inch large display, camera resolution 1280*720P. * 5000mAh large capacity long standby rechargeable battery * 360° remote pan tilt, zoomx2, see every corner and detail * Two way talk with babies * Built-in lullabies to soothe babies * Sound alarm, Temperature alarm, Low battery alarm, out of range alarm, feeding alarm * Volume/brightness adjustable * VOX function, low/medium/high sensitivity * 940nm invisible infrared light LED to protect baby's eyes, night vision distance up to 16ft (5m) * Signal range: 300m outdoor, 30-60m indoor * ECO battery saving mode * Multi languages * Screen can be paired up to 2 cameras, loop display or split display perfect for 2 babies rooms

Model Number		L5064+C137
Camera	Image Sensor	1/4-inch CMOS
	Camera resolution	1280*720P
	Field of viewing angle	70° (horizontal)
	IR Cut Switch	>5(IR OFF) /<2（IR ON）
	IR Night Vision	5 meters range, 940nm LED
	Wireless Transmission Way	2.4GHz
	Video Resolution	1280×720
	Video Code Rate	32kbps-3Mbps
	Audio Compression	PCM
	Audio Transmission	Two-way voice intercom（Half Duplex）
	Sound Sensitivity	-35dBm
	Alarm Mode	Voice detection
	Transmission Range	300m in the sight
	Power Interface	Type-C
	Power Supply	5V 2A
	Working current	480(max)
	Camera Size	105*80mm
	Camera weight	185g
Monitor	screen size	5 inch
	Built-in rechargeable battery	5000mAh
	Video input	Up to 2 channels
	Audio input	Built-in microphone
	Audio input	Built-in Microphone, Speaker
	Interface	Type-C charging port x11 Power On/Off key x1 Menu key x1 Zoom in/out key x1 Up/Down/Left/Right key x1 OK key x1 Two way talk key x1
	Power Supply	5V 2A
	working current	520(max)
	Size	167*88*18.5mm
	Weight	265g
General	Operation Temperature	10° ~+55°
	Storage Emperature	-20° ~+60°

Operation Humidity	15%～85%
